### the founder- Mr.Johannes. Berger was born in a typical industrial family, his father was a good mechanician of the German air force, Berger was influenced by his father, he had strong interests on industry, and formed the rigorous practical character. Mr Berger has keen market consciousness, he found that the aircraft damage rate was very high during war time, accessories were strongly in need, the initial founding purpose of the company was to provide spare parts for the air force aircraft maintenance. With good

#### war time, then it gradually came into the field of auto parts production for cars, and become the supplier for Mercedes - Benz, BMW, and other enterprises. In the 1980 s, with the advent of the electronic computer industry and the rise of Asian economies, Mr.Berger quickly went into the research and development of electronic products manufacturing, dragon international was founded at the historic moment. The

enterprise to reduce operating costs.

and logistic fields, has become one of the most important diverse group in Hong Kong. The Flying Dragon International has accumulated rich experience in product manufacturing, quality control, and operational delivery during cooperation with IBM, Siemens, and panasonic. In 2006, based on the judgment of printing consumables development trend, and the cooperation experience with world famous suppliers such as HP and so on, the company officially entered into the field of toner and inkjets cartridges manufacturing, it is operated by Shenzhen Asseel co., LTD. Asseel came from the famous book of Greece-" Odyssey", meaning companies pursuing best quality and positive corporate culture of innovation. At the beginning, we imported the most advanced production and testing equipment, and we got the ISO9001 and ISO4001 international certification. We always treat all vendors and customers as the most important cooperation partner. 90% of customers from Europe, Middle East, southeast Asia, South America and other countries, the high-end product market share and brand influence ranking in the first three in the world, the company currently has developed into China's major printing equipment manufacturing and solution provider. "Qi li" brand was created in 2013, it will continue the ancient spirit of pursuit of excellence, of Mr.Berger, with the highest standards of product quality, it will provide you with the most cost-effective products, bring the most comfortable office experience, maximize the overall efficiency of your office, help your
